PROFESSIONAL EXPERIENCE

Cloud Engineer — *Nov 2025 – Present*

AW Infrasec Solutions Pvt. Ltd. (Microsoft Solutions Partner) · Gurugram, India

- **Azure operations:** Create and manage Azure VMs, VNets, subnets, NSG rules and Storage accounts for client environments; monitor VM health and CPU, memory and disk utilisation with Azure Monitor and Workbooks; run basic deployments through Azure DevOps Repos and Pipelines.
- **Microsoft 365 & identity:** Administer client tenants: Exchange Online (mailboxes, shared mailboxes, mail flow), SharePoint, Teams, OneDrive and CSP licensing; manage users, groups, role assignments, access reviews and sign-in issues in Microsoft Entra ID.
- **Endpoint & security:** Enroll devices in Intune and maintain compliance policies; migrated devices from Hybrid Azure AD Join to Microsoft Entra Join; respond to Microsoft Defender alerts and support Purview data governance.
- **Incidents & support:** First point of contact for international clients over phone, email and chat; resolve incidents and service requests in Zoho Desk within SLA, troubleshoot DNS, VPN, connectivity and access issues, and escalate to L2/L3 teams with clear notes.
- **Servers & backup:** Administer Linux and Windows Server, IIS/Apache and MSSQL/MySQL with routine health checks and log review; monitor Acronis Cyber Protect backups and carry out data recovery.
- **Automation & documentation:** Automate VM provisioning and subnet/NSG rule setup with Bash and Python scripts and working PowerShell; built an internal tool that reduced manual effort for the L1/L2 team; write knowledge articles for recurring issues.

Python Developer Intern — *May 2025 – Jul 2025*

Shadow Fax Technologies

- Built scripts and REST APIs using Python and Flask; developed an internal automation/reporting tool that reduced manual reporting effort.
